EXPERIENCE

- **Software Engineer** June 2025 - present
GreenTorque, Kuwait
- **Python Django Developer(Freelance)** Nov 2024 - May 2025
Hybrix Technologies
- **Python Developer** Mar - Nov 2024
Stackerbee Technologies
- **AI development Intern** feb 2024
IPSR Solutions Ltd

EDUCATION

- **Master of Computer Application(MCA)** 2024-present
Indira Gandhi National Open University (IGNOU)
- **Training Bootcamp** 2023-2024
- **Master's Degree in Mathematics(MSc)** 2018-2020
Farook College

PERSONAL PROJECTS

- **GenAI Project: AI Interviewer**
Used technologies : Gemini LLM API, Vapi voice agent, JavaScript, ReactJS, Firebase, Next.js, Google AI SDK, deployed on Vercel.
- **Ecommerce backend API project**
Used technologies : Django, AWS EC2, CI / CD pipeline, Django Restframework, Celery(Background task), JWT Authentication, SQL-sqlite, SMTP, Redis(Caching), Rate limiting
- **Shoppay : Fullstack ecommerce project(Django,ReactJS,DRF,PSQL)**
Used technologies : Django, ReactJS, Django Restframework, HTML, CSS, Javascript, Bootstrap, PayPal payment integration.
- **Data Science project: Quality Analysis of summary using NLP techniques**
Used technologies : NLP, ML algorithm, LLM API, Numpy, Pandas, Scikit-learn, matplotlib, jupyter notebook.
- **Lapkart : A Django Powered ecommerce project**
Used technologies : Django, HTML, CSS, Bootstrap, Javascript,Ajax, Postgresql, Razorpay.
- **Landing page using TailwindCSS and ReactJS**
Used technologies : ReactJS, TailwindCSS, HTML, Shadcn UI
- **Machine learning project: House price prediction**
Used technologies : Python, pandas, scikit-learn, jupyter notebook, machine learning algorithm, Django, Streamlit
- **Mini project: Invoice extractor using LLM(Gemini)**
Used technologies : Gemini LLM API, python, Langchain.

CERTIFICATIONS

- **IBM Data Science Professional Certificate** 2024
Coursera
 - Gained proficiency in data science tools and techniques, including Python, SQL, and machine learning through a set of 12 courses along with a capstone project
- **Certification Program in Data Analysis with R and Excel** 2019-2020
Farook College
 - Developed basic skills in data cleaning, data analysis , R programming language, R Studio, data visualization, Excel and MS Office etc.

TECHNICAL SKILLS AND INTERESTS

Languages: Python, SQL, Javascript, HTML,CSS, C
Libraries : NumPy, ReactJS, Pandas, Sklearn, Keras, Matplotlib
Web Technologies : AWS, CI/CD pipeline, VScode, Wordpress, Git, Github, vapi
Frameworks : Django ,Django Rest framework, TailwindCSS, Bootstrap
Areas of Interest: GenAI, Data Science, Mathematics,Web Development, Prompt Engineering
Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability
